MEMORANDUM FOR: The Director, Joint Material Intelligence Agency, The Joint Chiefs of Staff

SUBJECT : Concurrence in JMIAM-4/1

REFERENCE : JMIAM-4/1, dated 19 December 1951, Subject: "Coordination of Collection Requirements for Foreign Materiel for Intelligence Purposes"

1. The CIA concurs in the procedure set forth in JMIAM-4/1 with the following exception:

a. The CIA does not concur in paragraph 7 of referenced procedure. This Agency does not believe that the paragraph cited is necessary to provide adequate security for intelligence activities conducted by this Agency. The paragraph is believed to be undesirable further because it tends to weaken the procedure set forth in paragraphs 1 through 6 by providing that any participating Agency may neglect to comply with the cited paragraphs in its own discretion.
